

NEUTRAL SERVICE AND CONFIDENTIALITY COMMITMENT

In the Biocompatibility / Biomechanics tests, where I will work as a Laboratory Supervisor on behalf of Technical Universal Verification Certification and Eğitim Hizmetleri Limited Şirketi (TEHCERT);

1. I undertake to adhere to the principles of neutral, independent and objective, and to keep all customer information and documents confidential.
2. I undertake that I will not submit to any commercial or financial pressure on laboratory procedures, activities, implementation and reporting of results.
3. I undertake that I will report all developments that may harm the independence and impartiality of the system to the senior management and take all necessary measures regarding the laboratory results.
4. I undertake that I will not perform these tests in any way if I have a kinship relationship with people at executive level belonging to companies that manufacture or sell products.
5. I do not engage in any activity that would conflict with the independence of its decisions and accuracy in relation to laboratory activities. In particular, I undertake that I have no communication with the design, manufacture, supply, assembly, use of products, materials subject to Laboratory service or with suppliers who are in competition.
6. In the tests I will do on behalf of TEHCERT, I undertake that I will not perform any tests without using the necessary work safety equipment.
7. In case of detection of an illegal product or product component, I undertake that I will not test any such product.
8. I also undertake that I will directly inform the General Manager of any situation that may put myself and / or the Laboratory organization (TEHCERT) in conflict of interest or in danger.
